Reminder Regarding General Order 5.07, Rights of Onlookers

Smartphone ownership among the general population is at an all time high. Many people in San Francisco own a smartphone with photo and video capabilities. As seen on many reality television shows, social media websites, and news reports, these devices are commonly utilized to capture rapidly unfolding incidents.

Individuals in our community are using their smartphones to record officer contacts with greater frequency than ever before. Members are reminded of General Order 5.07, Rights of Onlookers, which reads in part:

**D. BYSTANDER FILMING OF OFFICER-SUSPECT CONTACTS.**

It is increasingly common for bystanders, who are not involved in any criminal activity, to record contacts between officers and citizens, during which officers are detaining, citing, or arresting a suspect or engaging in crowd control at a demonstration. Bystanders have the right to record police officer enforcement activities by camera, video recorder, or other means (except under certain narrow circumstances as set forth in Sections A and B, of General Order 5.07).

1. An officer shall not seize, compel or otherwise coerce production of these bystander recordings by any means without first obtaining a warrant. Without a warrant, an officer may only request, in a non-coercive manner, that a bystander voluntarily provide the film or other recording. These requests should be made only if the officer has probable cause to believe that a recording has captured evidence of a crime and that the evidence will be important to prosecution of that crime. If a bystander refuses to voluntarily provide the recording, an officer may request the person's identity as provided in Section C, 2, of General Order 5.07.

2. If a bystander voluntarily provides his or her recording and/or equipment, the officer shall provide the bystander with a receipt (SFPD 315). The receipt shall contain a written statement verifying that the recording and/or equipment has been voluntarily provided to the Department, and shall be signed by the bystander.

Members are encouraged to read General Order 5.07 in its entirety to re-familiarize themselves with this order.

GREGORY P. SUHR
Chief of Police
RIGHTS OF ONLOOKERS

This order establishes policies regarding when persons are permitted to remain as onlookers, their right to overhear conversations between the officer and suspect, and their right to act as a witness.

I. POLICY

A. WITNESSING STOPS, DETENTIONS, ARRESTS. It is the policy of this Department that persons not involved in an incident be allowed to remain in the immediate vicinity to witness stops, detentions and arrests of suspects occurring in public areas, except under the following circumstances:

1. When the safety of the officer or the suspect is jeopardized.

2. When persons interfere or violate law.

3. When persons threaten by words or action, or attempt to incite others to violate the law.

B. OVERHEARING CONVERSATION. If the conditions at the scene are peaceful and sufficiently quiet, and the officer has stabilized the situation, persons shall be allowed to approach close enough to overhear the conversation between the suspect and the officer, except when:

1. The suspect objects to persons overhearing the conversation.

2. There is a specific and articulable need for confidential conversation for the purpose of police interrogation.

C. INQUIRIES

1. Persons shall be permitted to make a short, direct inquiry as to the suspect’s name and whether the officer or the suspect wishes a witness. The suspect shall be allowed to respond to the inquiry.

2. If a citizen is a witness to the activity for which the suspect was detained or arrested, the officer may request his/her name; however, the citizen is not compelled to disclose such information.
D. BYSTANDER FILMING OF OFFICER-SUSPECT CONTACTS. It is increasingly common for bystanders, who are not involved in any criminal activity, to record contacts between officers and citizens, during which officers are detaining, citing or arresting a suspect or engaging in crowd control at a demonstration. Bystanders have the right to record police officer enforcement activities by camera, video recorder, or other means (except under certain narrow circumstances as set forth in Sections A and B above).

1. An officer shall not seize, compel or otherwise coerce production of these bystander recordings by any means without first obtaining a warrant. Without a warrant, an officer may only request, in a non-coercive manner, that a bystander voluntarily provide the film or other recording. These requests should be made only if the officer has probable cause to believe that a recording has captured evidence of a crime and that the evidence will be important to prosecution of that crime. If a bystander refuses to voluntarily provide the recording, an officer may request the person's identity as provided in Section C, 2., above.

2. If a bystander voluntarily provides his or her recording and/or equipment, the officer shall provide the bystander with a receipt (SFPD 315). The receipt shall contain a written statement verifying that the recording and/or equipment has been voluntarily provided to the Department and shall be signed by the bystander.

E. VIOLATIONS/COMPLIANCE. As an alternative to arresting an onlooker who is in violation of Penal Code Section 148 or other related offenses (e.g., 647 c P.C., 22 Municipal Police Code) officers may order onlookers to "move on"; however, the person shall not be ordered to move any farther distance than is necessary to end a violation (see DGO 5.03, Investigative Detentions and DGO 6.11, Obstruction of Streets and Sidewalks). Persons who believe that an officer did not comply with the provisions of this order shall be referred to an appropriate supervisor or to the Office of Citizen Complaints.

VALUES

San Francisco holds an international reputation for demonstrating its commitment to human values and rights through compassion, fairness, diversity, and justice. These values must serve as the foundation of all actions and policy undertaken by the San Francisco Police Department as it fulfills its public safety mission.

RESPECT FOR PEOPLE
We believe in treating all people with respect and dignity. We show concern and empathy for the victims of crime and treat violators of the law with fairness and dignity. By demonstrating respect for others, we will earn respect for the SFPD.

Our people are our most important resource. We best serve the many and varied needs of our communities by enabling our employees to reach their full potential through the encouragement of innovation, knowledge, and appropriate discretion.

BEST PRACTICES
The Department strives to meet the highest operational and ethical standards and to continually improve how we meet the City's public safety objectives. Policy and operations must be driven by accurate, timely, and reliable information supplied by current and emerging technologies and supported by the Department's systematic engagement of all of San Francisco’s diverse neighborhoods.

COMMUNITY ENGAGEMENT
To effectively reduce crime within the context of diminishing resources, we must actively work in partnership with San Francisco communities to address crime, violence, and quality-of-life issues.

TRANSPARENCY AND ACCOUNTABILITY
By making our policies and operations as transparent and open as possible, we simultaneously increase our effectiveness and build trust with the communities we serve.
MEDIA RELATIONS OVERVIEW

To best inform the public, the San Francisco Police Department's policy is to furnish accredited representatives of the media with timely and releasable information that may be published, broadcast, or televised.

This guide is intended to assist the media in obtaining timely and accurate news information from the San Francisco Police Department and to provide both the media and our officers with a basic outline of releasable information, media access, and protocol. These general guidelines do not cover every possible situation related to information release or media access. Determinations may be made on a case-by-case basis.

The San Francisco Police Department is committed to adopting an atmosphere of transparency and openness with the media and the public. Therefore, we endeavor to grant the media as much access as operationally possible to assist them in their news-gathering and reporting duties. Media representatives are expected to abide by the Code of Ethics published by the Society of Professional Journalists.
THE MEDIA RELATIONS UNIT

The Media Relations Unit’s mission is to provide police-related information to the print, television, electronic, and radio media in as timely a manner as possible to best inform the public, and to foster a positive, professional, and responsible relationship with the media based on honesty, understanding, and trust. The unit understands the media’s critical and constitutionally guaranteed functions of disseminating public safety information and helping to build public understanding of Department policy and processes through accurate reporting.

The SFPD Public Information Officer (PIO) heads the Media Relations Unit. The PIO serves as the primary point of contact for media representatives seeking general information, statistical data, or answers to questions regarding specific incidents or agency issues. Additionally, the PIO reviews and approves requests for on-camera interviews. At the scene of certain major events, the PIO functions as a liaison between the media who are working to inform the public and law enforcement personnel who are working to resolve complex and often dangerous situations. District Commanders may also release information to the media on major events.

DAILY FUNCTIONS AND INFORMATION

Main Number: (415) 837-7395
Media After Hours Number: (415) 535-9354
Media Relations Unit Office Hours: Monday to Friday, 8:00 am to 8:00 pm
On-Call Press Information: 24 Hours a Day (Call Main Number)
Media Public Records Requests: Responded to as received
Daily Incident Recap: Emailed each weekday morning
Press Releases and Advisories: Emailed and posted on web as needed
Twitter/Facebook: Post breaking public information
Accredited media representatives may request to be added to the Media Relations email list.
PRESS CONFERENCES
Press conferences are held on an as-needed basis to discuss current and emerging issues. The Department also holds a quarterly press conference to discuss crime statistics, as well as a bi-annual Editorial board roundtable with the Chief of Police. If appropriate, a press release and any handouts distributed at the press conference are posted online at [www.sf-police.org](http://www.sf-police.org).

MEDIA COMMUNICATION WITH INDIVIDUAL OFFICERS
Although media representatives will likely work primarily with the Media Relations Unit, Department policy encourages all officers to speak to the media at the level of their knowledge. Such access promotes an atmosphere of transparency. The highest-ranking officer at a given location may designate an SFPD representative to communicate with the media.

MEDIA GUIDELINES FOR OFFICERS
When asked for information regarding a police matter, SFPD officers should work within the following guidelines:

- Determine if they possess sufficient facts on the matter in question;
- Determine if they are qualified to respond;
- Verify that the person requesting information possesses appropriate credentials to receive the information;
- Officers should provide information within the guidelines contained in this document and any appropriate General Order governing the release of information. Members should not provide personal opinions or speculation regarding an incident or police policy, or engage in “off the record” comments.
- If an officer is not sure of the facts or propriety of releasing information, he/she should refer the inquiry to the Media Relations Office or to his/her commanding officer.
### RELEASABLE INFORMATION GUIDELINES

The following information will be provided upon request according to Government Code Section 6254 (f), unless the information would endanger the successful completion of an investigation, or related investigation, or would endanger the safety of a person involved in the incident:

<table>

</table>
BOOKING PHOTOGRAPHS AND INCIDENT REPORTS
The SFPD Media Relations Unit shall be responsible for the release of requested booking photographs and incident reports to the media and posting booking photos to the Department webpage and social media accounts. These controlled documents and booking photos may be released and posted to Department social media accounts when they:

1. will aid in the investigation and/or,
2. will aid in an arrest and/or,
3. will warn the public of danger and/or
4. involve a high profile incident, cases that garner media attention, or to facilitate Community awareness or education.

Police reports and booking photographs may be withheld when a determination is made that the release would endanger safety or when it would interfere with the investigation. The reason will be relayed to the requesting media outlet.

IDENTITY OF SPECIAL VICTIMS
The name of a victim of certain crimes such as rape, sexual assault, domestic violence, hate crimes, stalking, or a juvenile victim, as defined by specific sections* of the Penal Code, may be withheld at the victim's request, or at the request of the victim's parent(s) or guardian if the victim is a minor.

*Sections 220, 261, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.75, or 646.9 of California Penal Code.

OFFICER-INVOLVED SHOOTINGS
In the event of an officer-involved shooting, the Public Information Officer or the Chief of Police will disseminate a description of the incident consistent with the Releasable Information Guidelines. Any officer involved in the intentional discharge of a firearm is automatically placed on leave while an investigation is conducted. As with any ongoing investigation, most investigative details will remain confidential prior to any arrest.

When a suspect is killed or has life-threatening injuries, a PIO possessing no media contact related to the incident will be assigned to liaison with the family and next of kin. The designated PIO will facilitate resource and procedural information but shall not provide specific investigative information. The Media Relations Unit maintains a chronological report, logging all inquiries and disseminated information regarding the incident. A family may choose to decline this resource; however, it will remain an available resource for the family. The chronological report shall be furnished to the Chief of Police and the Police Commission.
MEDIA ACCESS AT DISASTER SCENES

The San Francisco Police Department may close an area under authority of Penal Code section 409.5(a) when “… a menace to the public health or safety is created by a calamity such as a flood, storm, fire, earthquake, explosion, accident, or other disaster…”

However, as stated in Penal Code section 409.5(d). “Nothing in this section shall prevent a duly authorized representative of any news service from entering the area closed…”

After being advised of any danger, media representatives may move freely throughout a disaster scene area as long as they do not interfere with any ongoing or planned public safety operations.

Media entering such closed areas do so at their own risk.

**Disaster scene command post areas may be closed to the media.**
ACCESS AT INCIDENT/CRIME SCENES

Under most circumstances, the incident or crime scene and accompanying command post will be closed to the media. Such constraints protect the integrity of the investigation and ensure a safe, coordinated response by law enforcement and other emergency personnel.

Media access decisions are made by the responsible Incident Commander and/or appropriate Department command staff personnel who also determine when to lift any limitations.

Whenever the media is denied access to an incident/crime scene, San Francisco Police Department personnel shall attempt to:

- Establish a “media area,” with maximum access under the circumstances.
- Assign a Public Information Officer or police supervisor at the scene to provide timely and updated information to the media.
- Consider “pool” access (one TV camera, one TV reporter, one print reporter, one still photographer, one radio reporter) at the incident. Pool reporters and photographers will share information with other media personnel at the scene.

CRIME SCENE MEDIA GUIDELINES FOR OFFICERS

Members of the SFPD are to adhere to the following crime scene guidelines:

1. Do not establish artificial barriers. For example, do not hold the press at bay a block from the crime scene, while simultaneously allowing the general public to wander freely just beyond the crime scene tape.

2. Do not prevent the taking of pictures or interviews of person(s) in public places. News reporters may photograph or report anything or interview anyone they observe when legally present at an emergency scene. This includes officers, victims, and witnesses.

3. Do not isolate or keep the media in an area outside the crime/incident scene, unless the area has been secured to preserve evidence or their presence jeopardizes police operations.

4. Do not limit access based on safety concerns. The decision to assume the risk of danger remains with the individual news reporter. A safety hazard to a media representative does not justify restriction; however, it is the SFPD’s policy to warn the media of potential dangers before allowing access.
GUIDELINES FOR PUBLIC DEMONSTRATIONS

THE RIGHT TO ASSEMBLE AND SFPD RESPONSIBILITIES
The First Amendment guarantees groups the right to gather in public assemblies to demonstrate their opinions and positions. The Department's obligations at such demonstrations include protection of First Amendment rights, maintenance of order, and the protection of lives and property.

The Department recognizes that, the news media has the right to report on demonstrations without interfering with police operations that may either be lawful or evolve into an unlawful assembly. To the extent reasonably possible, the SFPD will make efforts to accommodate this right within the context of our primary obligation to maintain public safety and order.

UNLAWFUL DEMONSTRATIONS
When demonstrations are declared unlawful (pursuant to CA Penal Code sections 407 and 408) all individuals present, including members of the news media, may be lawfully ordered to disperse. Officers may use reasonable force to disperse an unlawful assembly and to effect the arrest of violators.

MEDIA AREA AT DEMONSTRATIONS
The Department will make every reasonable effort to designate a media assembly area outside of an impacted area that, affords reasonable visual and audible access of the event. To the extent possible, the Department will attempt to prevent the media area from becoming part of an unlawful assembly declaration or subsequent order to disperse. This may necessitate the relocation of a designated media area due to changing event circumstances.

The decision to assume the risk of danger involved in covering a public event remains with the individual news reporter, provided that any such decision does not constitute a waiver by a reporter of any constitutional or other legal rights or responsibility.

The selection of the news media viewing area may take into consideration any of the following, as practical: public and officer safety, police tactics, input provided by the news media, and the ability of the SFPD to prevent the location from becoming part of the impacted area. The Incident Commander (IC) in charge of the event will make the final selection of the viewing area location.
RIDE-ALONG GUIDELINES

RIDE-ALONG AUTHORIZATION AND WAIVER

1. All (credentialed) media and/or camera crews participating in a ride-along shall have prior consent from both the Media Relations Unit and the Deputy Chief of Operations. Requests shall be made to the Media Relations Unit.

2. Each member of the news media shall sign a liability waiver prior to the ride-along.

ACCESS TO PRIVATE PROPERTY

3. Media and/or camera crews are prohibited from accompanying officers into areas not accessible to the public without prior consent from the person possessing a reasonable expectation of privacy. Examples include areas where officers gain access due to their law enforcement authority, including, but not limited to, homes, backyards, ambulances, or any area with a reasonable expectation of privacy. There is no exception to this rule. The media are free to observe officers’ activities from an area where they have a legal right to be.

4. If media personnel obtain consent from person(s) in lawful control of private property and their presence does not impact the officer's ability to perform their duties, they may follow officers onto such property.

5. Under no circumstances shall a member of the media accompany a member of the Department during a search of private property, with or without a warrant.

6. Under no circumstances shall any member of the SFPD invite or permit any member of the news media onto private property to film or record activity there.

MEDIA WAIVER AND RELEASE CONSENT

7. Authorizations for the media to record or tape an individual, or to enter a private area, are solely agreements between the individual and the media representative/outlet. The SFPD shall not be involved in obtaining or mediating any form of consent.

RIDE-ALONG PROTOCOL

8. Department personnel shall perform tasks directly related to their normal law enforcement duties. Special treatment or access will not be granted to media representatives. If media representatives disrupt an officer's normal course of duties, their ride-along will be immediately terminated and the Media Relations Unit shall be notified of the incident.

9. Approved media representatives will ride in a police vehicle with a supervisor. Under no circumstances shall ride-along participants be permitted to follow in a private vehicle. Department personnel shall take all reasonable steps to protect the privacy of any person who appears to have a mental disorder (Per Lanterman-Petris Short Act and Sections 5328, 5150 W&I). Media representatives shall not attempt to record or interview individuals detained by the SFPD for section 5150 W&I.
# SFPD PRESS PASS & PRESS PARKING PASS

<table>
<thead>
<tr>
<th>Purpose</th>
<th>Enables the media to cross police/fire lines for the purpose of covering news stories.</th>
<th>Enables a reporter to park at meters without depositing coins, and in green, white and residential parking zones for the duration of the news event being covered.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Restrictions</td>
<td>* Cannot access crime scenes or enter restricted areas (see Access at Incident Scenes).</td>
<td>* Does not exempt the media from other parking restrictions such as red zones, hydrants, crosswalks, bus zones, no stopping or no parking zones, transit lanes and other tow away zones.</td>
</tr>
<tr>
<td></td>
<td>* Does not necessarily enable access to Press Conferences. (Access to many press conferences is controlled by their organizer).</td>
<td>* Does not entitle the reporter to enter a restricted area if such entry interferes with the duties of emergency personnel.</td>
</tr>
<tr>
<td>Who Qualifies</td>
<td>Employees of news-gathering media organizations required to cover breaking news and regularly pass through police and fire lines in order to fulfill their reporting duties.</td>
<td>Any news-gathering organization covering breaking news; for company vehicles used by its full-time reporters, photographers, and camera operators provided that these employees have a SFPD Press Pass. Media possessing a valid SFPD Press Pass may also apply for a press parking permit for their personally owned vehicles.</td>
