Dear Avi Adelman,

In response to your request of January 2, 2018 you are advised that the Cooke County Sheriff's Office does not have a written or oral policy, code, general orders, directive or guideline regarding the concept of the public's right of recording deputies providing services in public areas.

The Sheriff's office follows the laws applicable to all interactions with the public and is aware of the ruling in 848 F.3d 678 (United States Court of Appeals, Fifth Circuit 2017) as it applies to recording law enforcement officers in the public performing their duties.
