Hello,

In regards to the Open Records request that you sent

Please provide to the Requestor your department's documents considered as presenting departmental policy, code, general orders, directives and/or guidelines regarding the concept of the public's right of photography and/or the photography/recording (video or audio) of department officers providing services in a public area.

Southlake Police Department does not have any formal policies in place for this because it is the public's right.

Thank you.

Sarah Blum
Police Records Manager
Southlake Police Department
600 State Street
Southlake, TX 76092
